# Vegetable Seeds of Quality

•

For many years this firm has selected and will continue through our extensive trial ground program to develop and breed strains of Beet, Carrot, Lettuce, Onion and other important varieties that are unsurpassed in quality. "QUALITY THAT NEVER STOPS GROWING."

The varieties offered in this list are all select strains, critically rogued, cleaned and prepared for shipment with every possible care and safeguard to prevent any sort of a mixture.

To the best of our knowledge, there are no better strains obtainable. You have our assurance that they will give your most critical trade complete satisfaction.

Just "any" seed may cost you less, but  
QUALITY WILL PAY IN THE  
LONG RUN

## Pieters-Wheeler Seed Company

a corporation, of Gilroy, California,  
hereinafter called the Seller.

and .....

of .....

hereinafter called the Purchaser.

### WITNESSETH

1. Seller agrees to sell and deliver and purchaser agrees to accept and pay for the varieties of seeds in the amounts, at the prices set forth in attached pages, and subject to the terms and conditions herein provided.

2. Seller agrees to plant, or cause to be planted during the season of 1959 an acreage of land which will produce, under normal conditions, an amount of seed of the varieties herein named which, together with such varieties of seeds previously grown by, or for, the seller, and now on hand, will be sufficient to enable the seller to deliver the quantities of the seeds herein contracted for; and the seller agrees to deliver as soon as possible after harvested, such seeds in good merchantable condition as herein defined, F.O.B. growing station, containers extra at market value and not returnable. The terms "in good merchantable condition" is defined as seeds properly cleaned for seeding purposes, approximately free from foreign seeds distinguishable by their appearance and of a germination equal to the fair average germination of the crop of the current year.

3. In case of partial or total failure of any or all crops planted, or caused to be planted by the seller for the purpose of producing the variety of seeds herein named, or, in case of damage to, or destruction of seller's seed stocks before planting, or to the products of such plantings, or to any seed through fire, accident, or other casualty beyond seller's control, the seller shall be obliged to deliver, if at all, proportional quantities only, and, in any event, the seller shall have the right to reserve an amount of seed equal to that used in said planting.

4. Purchaser shall make payment for seeds delivered by a trade acceptance due and payable net 30 days from date of shipment, or by cash in U. S. funds within 10 days from date of shipment, less a discount of 1½ %. Purchaser shall pay interest at

the rate of 8% per annum on any overdue payments of purchase price.

If, at any time the financial condition of the purchaser becomes unsatisfactory to the seller, the purchaser agrees, upon receipt of written notice to that effect, and upon demand of the seller, to pay for the seed in advance of shipment, less a cash discount of 1½%, and if such payment is not made within ten (10) days from receipt of such demand for payment, this agreement shall thereupon be deemed to be breeched by the purchaser.

5. Except as herein otherwise expressly provided, the seller warrants to the extent of the purchase price that seeds sold are as described on the container within recognized tolerances. We give no other warranty, expressed or implied.

6. Purchaser's claims for shortage of deliveries must be made to seller immediately on receipt of shipment and all germination tests must be made and reported in writing (including telegram) by purchaser to seller within 15 days after receipt of shipment.

7. If the production of the within mentioned goods be prevented by any condition existing from a state of war, strike, or by any act of God, seller shall not be liable therefor. Or, if the cost of producing, processing or merchandising the within mentioned goods be increased directly or indirectly, from any of the above mentioned causes or by any act of government controlled prices, such increase shall be paid by the purchaser to the seller. If the parties cannot agree on the amount of said increase that question shall be arbitrated as set out in Paragraph No. 8 of our contract conditions.

8. If the cost of producing, processing or merchandising the within mentioned seed is increased by seller's payment of sales taxes or by his compliance with Federal or State laws or Regulations enacted or promulgated subsequent to the date of this contract such increase shall be paid by the purchaser to the seller; and if the parties cannot agree on the amount of said increase, that question shall be submitted to the Arbitration Committee of the American Seed Trade Association for arbitration and award, which award will be made forthwith by the purchaser.

**In Witness Whereof**, the parties have hereunto set their hands on the day and year first above written.
